Click-to-Comply™

All-in-One Medication Labeling System

VIGILANT+labels™
EVERY LABEL, EVERY TIME

Pharmacy Solution—

Our Mission: Every Label. Every Time.

Developed jointly by an anesthesiologist and a pharmacist, Vigilant Labels was founded on a mission of "Every label, Every time".

Recognizing proper medication labeling is vital for optimal patient safety and knowing its impact on revenue and cost, they also knew firsthand the challenges of getting consistent compliance with existing solutions.

The Click-to-Comply™ System is designed for efficient, compliant labeling needs of in-house mixed and packaged infusion bags and syringes – in a package no bigger than your current bin of tape rolls.

Medication Labeling Simplified:
Print up to 200 compliant labels in seconds, configured to your unique medication specifications.

Pharmacy Solution—

Click-to-Comply™ from Vigilant Labels
All-in-One Medication Label Printing System

Click-to-Comply™ offers a convenient and cost-effective solution to make compounded medications safer through compliant labeling. For nearly the same cost as pre-printed label tape rolls and less than the price of just a few prefilled syringes, Click-to-Comply provides everything you need to print customized, compliant labels on demand.

Improve or enhance your in-house medication labeling safety with up to 200 compliant, medication labels printed at once:

> Labels meet standards and guidelines established by USP<797>, CMS, ASA, ASTM and ISMP

> Fully configurable label set up to meet your specific requirements for all pharmacy prepared injectables and IV compounding

> Quick, convenient workflows – scan your drug, choose your desired quantity and print all labels at once

> Label rolls available in a variety of colors consistent with ASA and ASTM standards and lettering follows guidelines established by ISMP

> Integrated barcode data on every label for EHR documentation and charge capture at the point of care

Unique flag label allows for customized free text and auxiliary labeling for special precautions.

System Specifications

The Click-to-Comply System provides a cost effective, stand-alone, ready-to-use platform - no IT requirements or security concerns. Everything you need to print compliant labels on demand is included right out of the box:

Also available:
Click-to-Comply Anesthesia Solution

Click-to-Comply is also available for use in the OR to solve the frustration and delay of syringe labeling by anesthesia teams. Anesthesia labels are available in full sheet sets of 12, 26 or 40 labels configured by case type. With just 2 clicks and 2 seconds, anesthesia teams print an entire set of compliant labels on demand.
